we are now in position to take back our occurities at a fairly rapid rate without embarrassment. In August the balance of trade was \$13,00,356 against us, in September it was \$15,00,356 against us, in September it was \$15,00,356 against us, in September it was \$15,00,356,752 in our favor, and since then the balances in our favor, have been as follows: October, \$55,356,074; November, \$75,259,417; December, \$131,863. November, \$75,259,417; December, \$131,863. November, \$75,259,417; December, \$151,863. November, \$152,506,074; Novem

vide a fund for the payment of adverse balances, has been dissolved and the assets distributed.

It is true that the large monthly trade balances in our favor have been due almost as much to a decline of imports as to an increase of exports, but until the war ends and industry in Europe has returned to a normal basis our importations are likely to be low. It is also to be considered that important amounts of railway notes maturing this year are held abroad and that these will have that he is so pronounced an advecate of the framents.

In this point can do so by comparing the operation as published in the Beaver Falls balay times for Monday, May 27, 1912, but the Sea, 1912, but on the presence edition of Ingersol's with pages 419 to 428 of the ninth volume of the Dresden edition of Ingersol's works. The writer bas in his possession is printed copy of the "deadly" paralleis" which he will be pleased to show to any one who desires to see it. In view of this Beaver Falls incident one is not surprised that the Fatherland could never hope to bent England on the sea. On land, perhaps, be remarked, but on the sea never.
